RX-3000 Hardhat All-in-One PAPR

TH3 PROTECTION

Thebest availableprotection–
suitable forusewithsilicadust.

NO FACE FIT TESTING

Loose fitting protection requires
no face fit testing or multiple sizes.

WORKS WITH BEARDS

Unlike traditional tight-fit RPE there is no
need to the operative to be clean shaven.

The RX-3000 is a compact All-In-One powered respirator with no waist-mounted blower or hose, giving users greater freedom of movement on site. Its single-piece design makes it quick and easy to put on or take off when moving between tasks, while remaining practical for longer periods of wear. With everything built into one unit, there are fewer parts to manage, check or maintain.

Paired with the Pro-Stack Tough Case, it gives the kit a proper place to be stored, helping operatives protect it between tasks and keep it ready for use.

4 IN 1 PROTECTION

RESPIRATORY PROTECTION
Loose-fitting powered respiratory protection to the highest TH3 / APF40 level.

HARDHAT PROTECTION
Integrated construction hardhat certified to the EN397 standard.

IMPACT VISOR
B-rated impact visor tested to withstand a 6mm steel ball at 120m/s, suitable for cutting and grinding tasks.

OPTIONAL EAR DEFENDERS
Clip-in ear defenders providing SNR 32dB hearing protection.
