

**ZERO WASTE
TO LANDFILL**

**OnSite Support provide a PPE recycling service that diverts 100%
of all PPE collected
through our recycling service from landfill**

Why use us?

We offer a full recycling service for all your PPE equipment and packaging

- Drop off your relevant PPE & associated packaging at your designated collection point
- Everything goes in the one bin – no need to separate into different bags or bins
- OnSite Support facilitate the service, provide the storage bins, bags and tags/seals
- Fully auditable waste streams providing full transparency on end of life recycling
- All corporate and project logos are removed and securely destroyed – guaranteed
- Certificate of destruction available upon request
- We collect direct from site on either our own or specialist recycling service licensed vehicles
- Fully traceable
- Fully auditable waste streams providing full transparency on end of life recycling
- Full reporting through our **PLUS** programme

Working with OnSite Support allows you to contribute towards a circular economy and reduce the impact of our industry on landfill.

- We recycle all types of PPE including:

- Hard hats
- High-vis clothing inc. FR ARC
- Boots & footwear
- Gloves
- Safety garments
- Waterproof garments

They all go in the one bin.

Order today to set up your recycling service

To minimise our impact on the environment, we will endeavor to collect on return journeys using our own Waste Carrier Licensed vehicles for locations we serve directly with our FORS Gold fleet.

For all other locations, our licensed service partner collects the recycling direct from site based on a collection route. Collections can take up to 10 days to ensure these journeys are not wasted -

Please plan your collections and help minimise our impact on the environment
