

PRODUCT SPECIFICATION SHEET

SILTTRAPPER PILLOW. 1 X LARGE FITRATION PILLOW

Product Code: SILT-PIL2

Developed for British waterways with Anglian Water by Fentex, using over 25 years on contamination control experience.

The unique filtration design allows the SiltTrapper to trap silt and debris without blocking the flow of water.

The heavy-duty eyelets can be used for pegging to water banks or attaching multiple SiltTrappers together to create larger barriers.

Rope can be connected to eyelets aiding retrieval.

Dimensions:

- 60cm x 100cm

Application:

- Waterway Filtration
