Coronavirus

Help stop the Spread

Follow these six simple steps to protect yourself and those around you from the Coronavirus

What YOU need to do

- 1. Wash your hands regularly**
Wash hands for at least 20 seconds with soap and hot water or use a sanitising gel. Do this after using the toilet, touching communal items such as the kettle and before and after eating.
- 2. Don't touch your face**
Avoid touching your eyes, nose or mouth with your hands. If you need to touch your face use a tissue. Bin the tissue after contact with your eyes, nose or mouth. Wash your hands after contact with your face.
- 3. Use a tissue**
Always try to cough or sneeze into a clean tissue then bin it immediately.
- 4. Don't spray**
If you feel the need to cough or sneeze and have no tissue to hand, use the crease of your elbow to stop bacteria spreading through the air.
- 5. Regularly refresh**
Do not rely solely on soap and water or hand sanitiser. Use antibacterial surface wipes to clean high traffic areas such as kitchen counters and door handles.
- 6. Isolate**
Do not put you or others around you at risk. If you are experiencing symptoms of Coronavirus, do not go to work, do not go out, remain indoors and contact NHS 24 by calling 111 or online at 111.nhs.uk.

Coronavirus

Raise awareness and provide simple measures to reduce the spread of the Coronavirus

With news of the Coronavirus (COVID-19) continuing to make headlines around the world, the need to tackle the spread of this deadly virus is greater than ever. Some groups of people are more susceptible to the complications of Coronavirus than others, especially older people (70+), people with certain medical conditions (asthma, diabetes, underlying poor health or weakened immune system) and pregnant women.

Signs / Symptoms	How it Spreads	Prevention	Taking Action	Individual	Environmental	Organisational
Common symptoms Fever/high temperature, a headache, sore throat, cough, loss of taste or smell, muscle aches, difficulty breathing.	The virus is able to survive on many surfaces, including paper, fabric, plastic, metal, glass, wood, and stone. It can survive for up to 3 days on steel, 2 days on copper, 24 hours on cardboard, 48 hours on plastic, and 72 hours on glass. It can also survive on surfaces such as door handles, light switches, and handrails.	If you feel unwell, avoid contact with others, especially those who are vulnerable. Stay at home and avoid public places. If you must go out, wear a face mask and avoid close contact with others. Avoid touching your face and avoid touching surfaces that others have touched.	A business can do a lot to minimise the risk of the Coronavirus within their work environment by taking action on these issues. Individual Behaviour Actions taken at the level of each individual to minimise the spread of the Coronavirus. Environmental Actions taken within the workplace environment to reduce the spread of the Coronavirus. Organisational Actions taken to modify behaviour and promote the measures to help reduce the spread of Coronavirus.	1. Do not touch your face. 2. Wash your hands regularly. 3. Use a tissue to cover your nose and mouth when coughing and sneezing, and the tissue into a bin. 4. Avoid touching surfaces that others have touched. 5. Avoid touching your face. 6. Avoid close contact with others. 7. Avoid public places and events. 8. Avoid public transport. 9. Avoid public places and events. 10. Avoid public transport.	1. Display signs to encourage staff and visitors to follow the guidelines. 2. Ensure signs are placed in high traffic areas. 3. Ensure signs are clear and easy to read. 4. Ensure signs are updated as needed. 5. Ensure signs are placed in high traffic areas. 6. Ensure signs are clear and easy to read. 7. Ensure signs are updated as needed. 8. Ensure signs are placed in high traffic areas. 9. Ensure signs are clear and easy to read. 10. Ensure signs are updated as needed.	1. Have awareness signs up in all areas of the business. 2. Encourage staff and visitors to follow the guidelines. 3. Encourage staff and visitors to follow the guidelines. 4. Encourage staff and visitors to follow the guidelines. 5. Encourage staff and visitors to follow the guidelines. 6. Encourage staff and visitors to follow the guidelines. 7. Encourage staff and visitors to follow the guidelines. 8. Encourage staff and visitors to follow the guidelines. 9. Encourage staff and visitors to follow the guidelines. 10. Encourage staff and visitors to follow the guidelines.

SITE SAFETY - COVID 19

Do not enter this site if you or anyone in your household have any symptoms of COVID 19

Workers should wash their hands before and after using any equipment

Where social distancing measures (2 metres) cannot be applied authorisation must be provided by management

This will only be granted if critical to the operations and may comprise of:
1. Minimising the frequency and time workers are within 2 metres of each other.
2. Minimising the number of workers involved in these tasks.
3. Working side by side, or facing away from each other, rather than face to face

Failure to follow these guidelines may result in disciplinary procedures
