Attention all visitors

In response to the recent outbreak of the Coronavirus (COVID - 19) we ask all visitors to self-screen before entering the building, to help lessen the spread of the virus.

Do not enter if:

- You have signs of a fever or a high temperature (above 38°C)
- You have a persistent cough or respiratory problems
- You have had contact with any possible source of the virus

If you have met any of the above criteria please return home and contact NHS 111 for advice

If you are safe to enter please do so and follow the guidance below:

- Wash your hands regularly and thoroughly with soap and water or alcohol based hand sanitiser
- Avoid touching your face with your hands
- If you need to cough or sneeze, use a tissue and then use the crease of your elbow
- Where possible avoid contact with vulnerable individuals such as the elderly and those with underlying health conditions

Information & Guidance

First Aid Coronavirus

Raise awareness and provide simple measures to reduce the spread of the Coronavirus

With news of the Coronavirus (COVID-19) continuing to make headlines around the world, the need to tackle the spread of this deadly virus is greater than ever. Some groups of people are more susceptible to the complications of Coronavirus than others, especially older people (70+), people with certain medical conditions (asthma, diabetes, underlying poor health or weakened immune system) and pregnant women.

Signs / Symptoms

Common symptoms: Fever/high temperature - above 38°C when your body temperature is 37.5°C or higher or feeling hot to touch, persistent cough or sore throat, loss of voice, loss of taste or smell, fatigue, difficulty breathing.

Other symptoms include: Headaches, Tiredness, Aching joints and muscles, sore throat, runny nose, loss of appetite.

The infectious period: The infectious period is believed to be 2-14 days after symptoms.

If you have symptoms you should not return to work.

If you have symptoms you should isolate yourself from the rest of the staff.

How it Spreads

The virus is likely to survive on hard surfaces (tables, desks, floors, door handles) for up to 3 days and could therefore be transferred from these surfaces to another person.

Prevention

On surfaces, such as clothing, the virus is less likely to survive.

Prevention

When symptoms are suspected with Coronavirus, the employee should be asked to stay at home and not return to work for seven days or until they have symptoms have cleared and they feel well enough to return.

Taking Action

A business should attempt to minimise the risk of the Coronavirus within their work environment by taking measures to prevent the spread of the virus.

Individual

Individuals should be encouraged to take the following steps to prevent the spread of the virus:

- Do not touch your face.
- Wash your hands regularly.
- Use a tissue to cover your nose and mouth when coughing or sneezing.
- If attending a public place, avoid touching surfaces. Hand sanitizers should be used if available.
- Consider alternatives to meetings, such as phone or video conferencing.
- Consider alternatives to meetings, such as phone or video conferencing.
- Consider alternatives to meetings, such as phone or video conferencing.

Environmental

Actions taken within the workplace environment to reduce the spread of the Coronavirus.

Organisational

Actions taken within the workplace environment to reduce the spread of the Coronavirus.

Coronavirus Help stop the Spread

Follow these six simple steps to protect yourself and those around you from the Coronavirus

What YOU need to do

- 1. Wash your hands regularly**
Wash hands for at least 20 seconds with soap and hot water or use a sanitizing gel. Do this after using the toilet, touching communal items such as the kettle and before and after eating.
- 2. Don't touch your face**
Avoid touching your eyes, nose or mouth with your hands. If you need to touch your face use a tissue. Bin the tissue after contact with your eyes, nose or mouth. Wash your hands after contact with your face.
- 3. Use a tissue**
Always try to cough or sneeze into a clean tissue then bin it immediately.
- 4. Don't spray**
If you feel the need to cough or sneeze and have no tissue to hand, use the crease of your elbow to stop bacteria spreading through the air.
- 5. Regularly refresh**
Do not rely solely on soap and water or hand sanitizer. Use antibacterial surface wipes to clean high traffic areas such as kitchen counters and door handles.
- 6. Isolate**
Do not put you or others around you at risk. If you are experiencing symptoms of Coronavirus, do not go to work, do not go out, remain indoors and contact NHS 24 by calling 111 or online at 111.nhs.uk.

Signs and symptoms of Coronavirus

Headache, dry cough, fever / muscle pain and difficulty breathing.

First Aid Wash your Hands

When to wash your hands:

1. Hands look or feel dirty
2. After using the toilet
3. Before eating or drinking
4. Before and after food preparation
5. After contact with bodily fluids, broken skin, wounds and/or wound dressings
6. After coughing, sneezing or blowing nose
7. After touching any type of gloves
8. Before and after contact with a person who is unwell
9. After contact with a contaminated body site to a clean body site.

Wet your hands with warm water and apply anti-bacterial hand cleaning gel or disinfectant hand wash then follow the instructions below (Standard rub method according to EN 1500)

Remember: If using soap and water, rub hands under running water and dry thoroughly.

Social Distancing

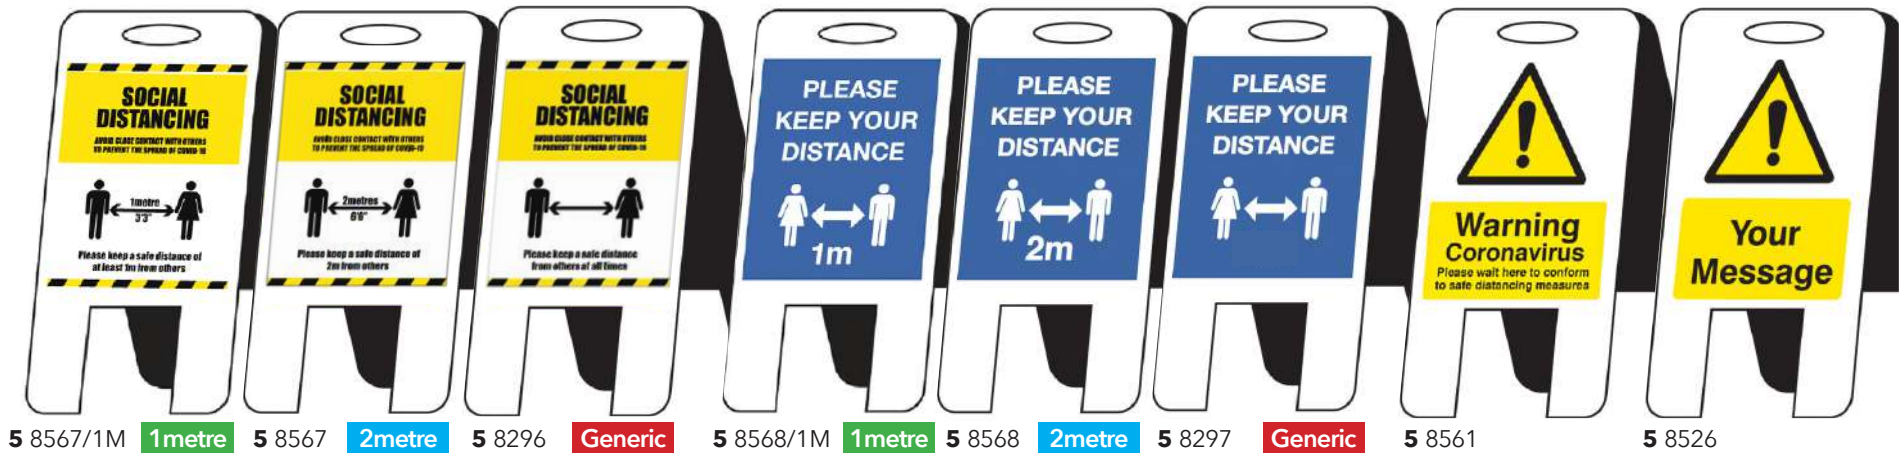

Guidance, education and information are key to ensuring the safety of all. The next two pages contain a range of informative posters and signs.

Self Standing Signs

These double sided, free standing signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the UK to highlight potential danger. They are much more likely to be adhered to by customers and staff. Self printed safety messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously. These self standing signs help remind the public of their personal responsibilities in terms of social distancing, considered vital to ensuring the safety of others.

SOCIAL
DISTANCING
MAINTAIN A SAFE DISTANCE AT ALL TIMES

We have a very comprehensive safety sign range, but we do appreciate that every workplace has different needs. That's why we offer "Standard" and "Custom" specials.

Standard Specials enables you to choose either a prohibition, warning or mandatory safety sign. All you have to do is send us the code you require, the symbol and text you wish to use and we'll create your required safety sign.

Custom Specials enables you to create something completely unique in full colour. This option enables you to select the appropriate code and we'll print what you require on our standard range of materials.

If the material / size you require is something out of the ordinary, don't worry send us the details and we'll send you a quote.

Self Standing Signs

These double sided, free standing safety signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the United Kingdom to highlight potential danger. They are much more likely to be adhered to by customers and staff.

Self printed messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously.

Do not enter this site if you or anyone in your household have any symptoms of COVID 19

Workers should wash their hands before and after using any equipment

Where social distancing measures cannot be applied authorisation must be provided by management

This will only be granted if critical to the operations and may comprise of:

1. Minimising the frequency and time workers are within an unsafe distance of each other.
2. Minimising the number of workers involved in these tasks.
3. Working side by side, or facing away from each other, rather than face to face

Failure to follow these guidelines may result in disciplinary procedures
