support

Delivering safety, welfare,
tools and site equipment to
the construction industry

everybody matters

Welcome

Welcome to our winter catalogue! As the temperature begins to drop, it's important to make sure that you and your team are safe and protected while on the job site. That's why we've put together a comprehensive selection of Personal Protective Equipment (PPE) and consumables specifically designed for the construction industry.

Our catalogue has everything you need to stay safe and comfortable during the winter months. From high-visibility jackets and thermal gloves, to heaters and a range of lighting, we've got you covered.

We understand that safety is your top priority, which is why we've made it ours too. Our products are of the highest quality, and we only work with reputable suppliers to ensure that you're getting the best possible protection. So, take a look through our catalogue and find the perfect PPE and consumables to keep you and your team safe and productive this winter season.

ICONS EXPLAINED

ROHS Compliant

The product has been tested and certified against RoHS testing.

CE Mark

The product conforms with European health, safety, and environmental protection

UV protection

The product offers protection against UV.

Green Range

The product is part of our sustainable product range.

Made From Plastic Bottles

The product has been made from recycled plastic bottles.

Made with 100% recycled material

The product has been made from 100% recycled materials.

100% Recyclable

The product is 100% recyclable.

Certified to wash cycles

The product is certified to a certain amount of wash cycles.

Women's fit

The product comes in women's fit.

Home Washes at °C

The product has can be washed at home at a certain degrees.

Waterproof

The product is made from Waterproof material.

Dry

The products are designed for dry handling.

Oil Resistant

The products are resistant to oil.

Cold Resistant

The products are resistant to cold environments.

Leather upper

The upper part of the product is made from leather.

Insulated lining (°C)

Contains insulated lining to a certain degrees.

Reinforced Midsole

Has a built-in reinforced midsole.

Steel Midsole

The product has a built-in steel midsole.

Composite Midsole

The product has a built-in composite midsole.

Composite Toe Cap (Joule)

The product has a built-in composite toe cap. Can withstand a certain amount of Joule.

Steel Toe Cap

The product has a built-in steel toe cap.

Heat Resistant Sole

The product has a heat resistant sole.

Energy Absorbing Heel

The product has an energy absorbing heel.

Non-Metallic

The product contains no metal.

Anti-Static

The product has been designed to be anti-static.

FHOSS Illuminated Smart Walkway

Designed with your workforce in mind, the FHOSS Illuminated Smart Walkway system allows us to bridge the gap between people and plant.

We all know the consequences of accidents on site. Mitigate risks in the people-plant interface, no matter the weather with FHOSS Smart Illuminated Walkways.

Be safe, be seen.

- FHOSS Smart Walkway is a risk mitigation system allowing workers and site visitors to cross sites safely
- Lights clearly demark crossing zone at night and in daylight
- Traffic light system for both the user & oncoming traffic
- Purpose built galvanised and powder coated steel walkway barrier
- No downtime on installation
