

ISO QSE Policy

OnSite Support Ltd specialises in the provision of Safety, Site Equipment, Welfare, Tools and Engineering Accessories to the Construction and Engineering Industries.

In order to ensure that we achieve excellence in all our activities we have implemented a formal integrated management system, which satisfies the requirements of **ISO9001:2015**, **ISO14001:2015** and **OHSAS18001:2007**.

The company has identified the quality, environmental, safety and industry specific legislation and regulations relevant to the business. A Register of Legislation captures those requirements and the company ensures that all its activities are carried out in conformance with those obligations.

The management and all who work at OnSite Support Ltd are committed to:

- Providing the highest possible level of service in satisfying the requirements of our clients.
- The care of the environment and the prevention of pollution.
- Ensuring the health and safety of all its employees, its subcontractors, its clients and members of the public including the establishment of emergency procedures and a commitment to prevent injury and ill health.
- Continual improvement in performance and the effectiveness of the Management System.

The objectives underpinning the management system are:

- Our clients' needs shall be fully understood.
- Adequate facilities and skills are provided to fulfil clients' needs, protect the environment and provide a safe workplace.
- We aim to minimise waste arising, promote recycling, reduce energy consumption, reduce harmful emissions and, where possible, to encourage suppliers to adopt sound environmental policies.
- All employees are required to work in a safe manner so that they do not endanger themselves or any other person, and do not damage equipment or take unnecessary risks.
- We provide appropriate training for our staff and others working on our behalf.
- Arrangements are also made for employees and management to consult on health and safety issues.
- The policy and management system are reviewed and updated regularly to take account of changing circumstances, client requirements, objectives and improvement opportunities.

The Policy and the requirements of the Integrated Quality, Environmental and Safety Management System have been communicated to all employees and persons working on behalf of the company.
